

2027 Colorado Cancer Coalition Symposium

Non-Profit Partnership Opportunities

The Colorado Cancer Coalition is a mission-driven network of nonprofits, community health organizations, health systems, and public health agencies working to reduce the cancer burden in Colorado. Our 2026 Symposium brings together approximately 150 colleagues for a full day of shared learning and collaboration.

We recognize that nonprofit organizations are often doing the most important work with the least resources. Our sponsorship model for nonprofit partners uses a sliding scale: each tier has a suggested contribution, but you're welcome to give anywhere within the range that is sustainable for your organization.

All sponsoring organizations are welcome to set up an exhibit table at the 2026 Symposium. Tables are available on a first-come, first-served basis upon approval.

2027 Colorado Cancer Coalition Symposium

For-Profit Partnership Opportunities

The Colorado Cancer Coalition is Colorado's primary convening body for cancer prevention, screening, and care. Our 2026 Symposium brings together approximately 150 public health professionals, clinicians, researchers, community health workers, and policymakers for a full day of learning and collaboration.

Industry partnership is an opportunity to place your organization in direct, sustained contact with the people shaping Colorado's cancer landscape — not just at the event, but through our communications channels that reach over 1,300 subscribers and a statewide listserv of 1,000+ coalition members.

All sponsoring organizations and approved vendor applicants are welcome to set up an exhibit table at the 2026 Symposium. Tables are available on a first-come, first-served basis upon approval.
