2027 Colorado Cancer Coalition Symposium
Non-Profit Partnership Opportunities

The Colorado Cancer Coalition is a mission-driven network of nonprofits, community health organizations, health systems, and public health agencies working to reduce the cancer burden in Colorado. Our 2027 Symposium brings together approximately 150 colleagues for a full day of shared learning and collaboration.

We recognize that nonprofit organizations are often doing the most important work with the least resources. Our sponsorship model for nonprofit partners uses a sliding scale: each tier has a suggested contribution, but you're welcome to give anywhere within the range that is sustainable for your organization.

Sponsoring organizations are eligible for a complimentary exhibit table at the 2027 Symposium. Exhibit space is limited to 15 organizations and will be allocated on a first-come, first-served basis following approval.
